Mention the word “February” and most everyone will think of Valentine’s Day. But there is something else that links the month of February to the heart. February is American Heart Month. Here are some interesting facts about the human heart.

- 1) The heart beats approximately 100,000 times per day.
- 2) The adult heart pumps 5 quarts of blood every minute.
- 3) The heart circulates that blood through 60,000 miles of blood vessels, arteries, veins, and capillaries in the human body.

No wonder that God’s Word speaks so extensively about the heart in over 200 verses. The heart is the engine room of a person’s physical **and** spiritual health.

The medical community says the best way to protect your heart is to **1)** stay active, **2)** eat a healthy and balanced diet, and **3)** reduce daily stress.

If I translate that to the Christian life, it looks like this; **1)** stay active – serve the Lord, **2)** eat a healthy and balanced diet – study your bible, **3)** reduce daily stress – trust in the Lord.

**Search me, O God, and know my heart. (Ps. 139:23A – NKJV)**

**Jesus said to him, “You shall love the Lord your God with all your heart, with all your soul, and with all your mind”. (Matt. 22:37).**

What does God see when He searches your heart? Hopefully, a heart that loves Him and others.

Please continue to pray for others.

God bless you all,

*David L. Atwood*
